Plans for the New Year:

Advertisement renewal notice is in the fall as it aligns with the phone book and membership.

Jude and Christina will get together to go over the job of the newsletter. The Vice President does the advertisements and the rates. Bruce said that we brought in lots of money for the advertisement, our fiscal year is May1st to April 30th. August and September is a good money making time and May is going into the summer. Bruce suggested that as a small business if you charge too much, the businesses may get out of the advertisements as we only have about 400 homes in Munster.

Community Garden, the library is all for it. The library has square foot gardening. Also the sign coming into Munster could have flowers. How much would the city pay? Jess will look into

getting permission, we could do it ourselves and get post to hang the pots. Maybe next meeting come up with a plan. Something for the Munster 50th.

Iain stated that the seniors do activities at the community center and their is not a defibrillator. The city could look into this. The library has one.

Connel suggested youth drop in and maybe football, touch football. Christina said her family is involved with football and will look into it.

Also suggested that the Connel, our youth representative would present at the beginning of the meeting and would not need to stay for the remainder of the meeting.
