Minutes approved from last meeting

The 50th anniversary is still at its planning stage. The city of Ottawa is not doing permits until June so we cannot even book at this time.

The MCA annual general meeting cannot go ahead as planned. We can have it as a different format or we can reassess at a different time. Let us reassess until June 1st. The newsletter can be done for June. Iain has been checking in at the community centre from time to time as it is now closed to the public. Jude said she will look into the by-laws for this re-scheduling of the AGM.

The coffee group was asking about the Roller family that had a house fire. Genn said the family is fine at this time.

With the Covid 19 we will be doing challenges on Facebook and email to try and help your neighbour type of challenge, as long as it is safe.

Bruce said that there is mortgage relief at this time from banks.

Fall membership may be delayed until things are more stable.

For the Facebook page we will only be using legitimate sources for information. No false news, This platform will be used appropriately as we are not experts and we need to point people in the right direction in a sensitive way. Business posts need to be from members and they need to be limited. Genn said she would do a draft for the group to see and approve.

Our next meeting will be through ZOOM. Starting at 7:00.

Group last minute check in:

Everyone is healthy and safe

Meeting adjourned at 7:44.
