

Fall meeting open to the public on zoom.

MUNSTER COMMUNITY ASSOCIATION [November 05, 2020](#)

This meeting was conducted through Zoom (an online meeting) due to Covid19 and Ontario being in a State of Emergency

Attendees: Dave Tellier, Iain Clogg, Jessica Breckinridge, Susan McDonald, Laura Doane, Barbara Moulton, Bruce Ewen, Genn Browne.
Frank Stokes, Nicole Graham

This meeting was for MCA members who would like to address any concerns they may have with the Community.

Nicole Graham, an employee of the Ottawa Public Library, stated that the Munster library still does not have a date that it will be reopening due to the pandemic closing. Other library branches have opened but Munster library has not. If you have any questions you can email Nicole. Also contact Scott Moffat for more information on the opening.

Frank is still working on his email to the City of Ottawa about the speed limits in Munster.

Iain is still trying to chase down some advertisers for money. Iain is asking the executive to pick a night to look at the lights on the trees by the community center to see where we need more lights. John Hartley is coming with his boom truck to help put the lights up. Susan said that some of the funds for the beautification project can go into buying more lights. The lights would be set up after November 11th.

The rink is on board and the snow blowers are fuelled up. The community center is still closed.

For Remembrance Day in Munster the church will be ringing the bells at the end of the 2 minute of silence. People can do their 2 minutes of silence on the end of their drive way or spread out on Munster road.

The Halloween scavenger hunt went very well.

Meeting adjourned as no other community members joined in.
